

GREEN INTERNATIONAL UNIVERSITY

2024 January

Prof. Dr. Syed Amir Gilani
Rector GIU

At Green International University, our strategy of aligning core integrated values with our up-to-date curriculum is the key to making a difference with others. We are committed to focus on the development of wide range of programs, dissemination of knowledge, latest technology, excellence in teaching and innovative research programs to produce knowledgeable skilled and creative graduates as per international standards. Our students are always encouraged

to explore new ideas and concepts using real-life examples and applications. They learn to think critically by applying different perspectives on issues they encounter daily. We nurture their creativity, innovation, and problem-solving skills through various activities like art, music, drama and sports activities. We have a great team of people working here, and they are ready to help you.
